REASONS FOR ALLOWANCE

1. Claims 56-99 are allowed.

- 2. The following is an examiner's statement of reasons for allowance: None of the references of record teaches or suggests as cited in claims 56, 60, 64, 69, 74, 80, 86, 93: planarizing surfaces of the electrodes and a surface of the insulating layer so that they become flush with each other, thereby filling boundary portions between the electrodes with the insulating layer (as cited in claim 56); planarizing surfaces of the striped electrodes and a surface of the insulating layer so that they become flush with each other, thereby filling boundary portions between the striped electrodes with the insulating layer (as cited in claim 60); planarizing surfaces of the pixel electrodes and a surface of the insulating layer so that they become flush with each other, thereby filling boundary portions between the pixel electrodes with the insulating layer (as cited in claim 64, 69); planarizing the insulating layer so that a surface of the DLC film and a surface of the insulating layer become flush with each other, thereby filling boundary portions between the electrodes with the insulating layer (as cited in claim 74); planarizing the insulating layer so that a surface of the DLC film and a surface of the insulating layer become flush with each other, thereby filling boundary portions between the striped electrodes with the insulating layer (as cited in claim 80); planarizing the insulating layer so that a surface of the DLC film and a surface of the insulating layer become flush with each other, thereby filling boundary portions between the pixel electrodes with the insulating layer (as cited in claim 86, 93);
- 3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
